1.0 Derby Homes Commitment

- 1.1 Derby Homes aims to offer the best services possible but in doing so, will not tolerate any act of violence or aggression towards staff or contractors whilst going about their duties. This includes any staff managed by Derby Homes on behalf of the Council.
- 1.2 Derby Homes acknowledges that staff who deal with distressed, anxious, or angry customers can be at risk of physical or verbal abuse from time to time. Although such behaviour is infrequent, staff should not tolerate it as 'part of the job' or accept that it is an indication of failure on their part.
- 1.3 Employers have a duty of care to their staff to protect them in the workplace. Warning markers are a means of identifying and recording information regarding individuals who pose, or could possibly pose, a risk to the members of staff who come into contact with them.
- 1.4 Derby Homes will:
- a. Identify people associated with the properties we manage who are or maybe involved in violence, threats, verbal abuse or any behaviour that might put staff at risk.
- b. Attach a warning marker on our Housing Management System(s) including those jointly used by Derby Homes staff and those staff managed by Derby Homes on behalf of the Council, in line with the Data Protection Legislation. Any such markers will be reviewed on a twelve-monthly basis in line with legal requirements and the person involved given an opportunity to discuss and or challenge the decision, by requesting an independent review. This will be carried out by a Manager not already involved in the process.
- c. Identify those individuals who, despite the fact that they may not have been involved in an incident of violence or aggression to Derby Homes staff, may nevertheless pose a threat to staff. This information may come to Derby Homes attention through other means, particularly information from other partners such as the Police, Probation, Social Care, Community Mental Health Services an any other partner agency and Derby Homes will ensure that a warning marker is placed against the individual and on the housing management system and managed in accordance with legal requirements.
- d. Review markers on a twelve-monthly basis in line with legal requirements and the person involved given an opportunity to discuss and or challenge that decision, by requesting an independent review by another Manager not involved in the process.
- 1.5 There is also a 'tenants who may pose a risk to staff' procedure which covers this and sits alongside the violence and aggression procedure. Both procedures fall under this overall policy.
